Education

Quantum University Roorkee, Uttarakhand
B.Tech in Computer Science & Engineering | CGPA: 8.0/10 Aug. 2023 – Jun. 2027
Minor in Data Analysis

Technical & Professional Skills

Languages: : Java, JavaScript, TypeScript, Python
Frontend: : React.js, Next.js, HTML5, CSS3, Tailwind CSS
Backend: : Node.js, Express.js, RESTful APIs, JSON/XML
Databases: : MongoDB, PostgreSQL, MySQL
AI/GenAI: : LLM APIs, Prompt Engineering, RAG, Tool Calling, AI Agents
DevOps & Tools: : Docker, Containers, Git, GitHub, Postman, Linux, Bash, VS Code
Core CS: : Data Structures, Algorithms, OOP, DBMS, Operating Systems, Computer Networks
Professional: : System Design (Basics), Agile/Scrum, Technical Communication
Soft Skills: : Problem Solving, Communication, Adaptability, Time Management, Team Collaboration

Projects

Vibe Code Editor — AI-Powered Browser IDE [GitHub](#) | [Live Demo](#)

Tech Stack: Next.js, TypeScript, WebContainers, Monaco Editor, Ollama, NextAuth, MongoDB, Tailwind CSS, ShadCN UI, xterm.js

- Developed a full-stack AI-powered browser IDE with 4 core development capabilities: code editing, browser-based execution, file management, and live application preview.
- Integrated WebContainers, Monaco Editor, and xterm.js to provide browser-based code execution, terminal access, syntax highlighting, file management, and live preview.
- Implemented AI-assisted development with Ollama for 4 workflows: code completion, explanation, debugging, and refactoring, with NextAuth-based Google and GitHub OAuth authentication.
- Built persistent user and project management with MongoDB and a responsive developer interface using Tailwind CSS and ShadCN UI.

Insider-Jobs — AI-Powered Full-Stack Job Portal [GitHub](#) | [Live Demo](#)

Tech Stack: MERN, React.js, Node.js, Express.js, MongoDB, JavaScript, Vite, Tailwind CSS, Clerk, Cloudinary, Google Gemini API

- Engineered a full-stack MERN job portal supporting 2 user roles — job seekers and recruiters — with job discovery, posting, applications, applicant management, and resume handling.
- Developed responsive React.js interfaces with Vite, React Router, and Tailwind CSS covering job search, filtering, job details, recruiter dashboards, and application workflows.
- Built backend services with Node.js, Express.js, RESTful APIs, and MongoDB Atlas, implementing authentication, authorization, and role-based access using Clerk.
- Integrated Cloudinary for resume storage and Google Gemini API for an AI conversational assistant supporting natural-language job search, career guidance, and interview preparation using MongoDB job data.

Experience

TechyVibe Technology [\[View Certificate\]](#) Jul. 2024 – Aug. 2024

Web Development Intern Uttam Nagar West, New Delhi

- Completed a 6-week offline **Web Development internship**, gaining hands-on experience in developing and improving web application components using modern frontend technologies.
- Contributed to assigned web development projects, applying **HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, React.js, and Git** in practical development workflows.
- Strengthened **problem-solving, debugging, responsive design, and version control** skills through hands-on project development and industry-oriented workflows.

Coding Profile

- LeetCode:** Solved 130+ Data Structures & Algorithms problems in Java, earned 50-Day and 100-Day Badges, maintained 110+ Active Days, and participated in 5+ Contests.
- Hackathon — GraphEthon 3.0, Graphic Era University:** Developed a startup-focused ERP Management System with features focused on business process automation, centralized data management, workflow management, and full-stack application development.

Achievements & Activities

- Research Paper — Autonomous Vehicles and Ethical AI** [\[Paper\]](#)
- Complete Web Development Course — Hitesh Chaudhary** | [Udemy](#) [\[Certificate\]](#)
- Aspire Institute '25 — Aspire Leadership Program** [\[Certificate\]](#)
- National Entrepreneurship Challenge (NEC) — E-Cell, IIT Bombay** [\[Certificate\]](#)
- Generative AI Study Jam — GDSC** [\[Certificate\]](#)
- AI/ML Workshop — IIT Bombay** [\[Certificate\]](#)
- GraphEthon 3.0 — Hackathon** [\[Certificate\]](#)
